Do you already have quality improvement measures and/or annual goals to evaluate how your program is doing?

Yes

No

Why Evaluation?

2

Evaluation = Critical Component to Measure the Effectiveness of Health Care Based Response to Domestic Violence

Webinar

3

Part 2: Strengthening Healthcare-based Domestic Violence Programs through Evaluation

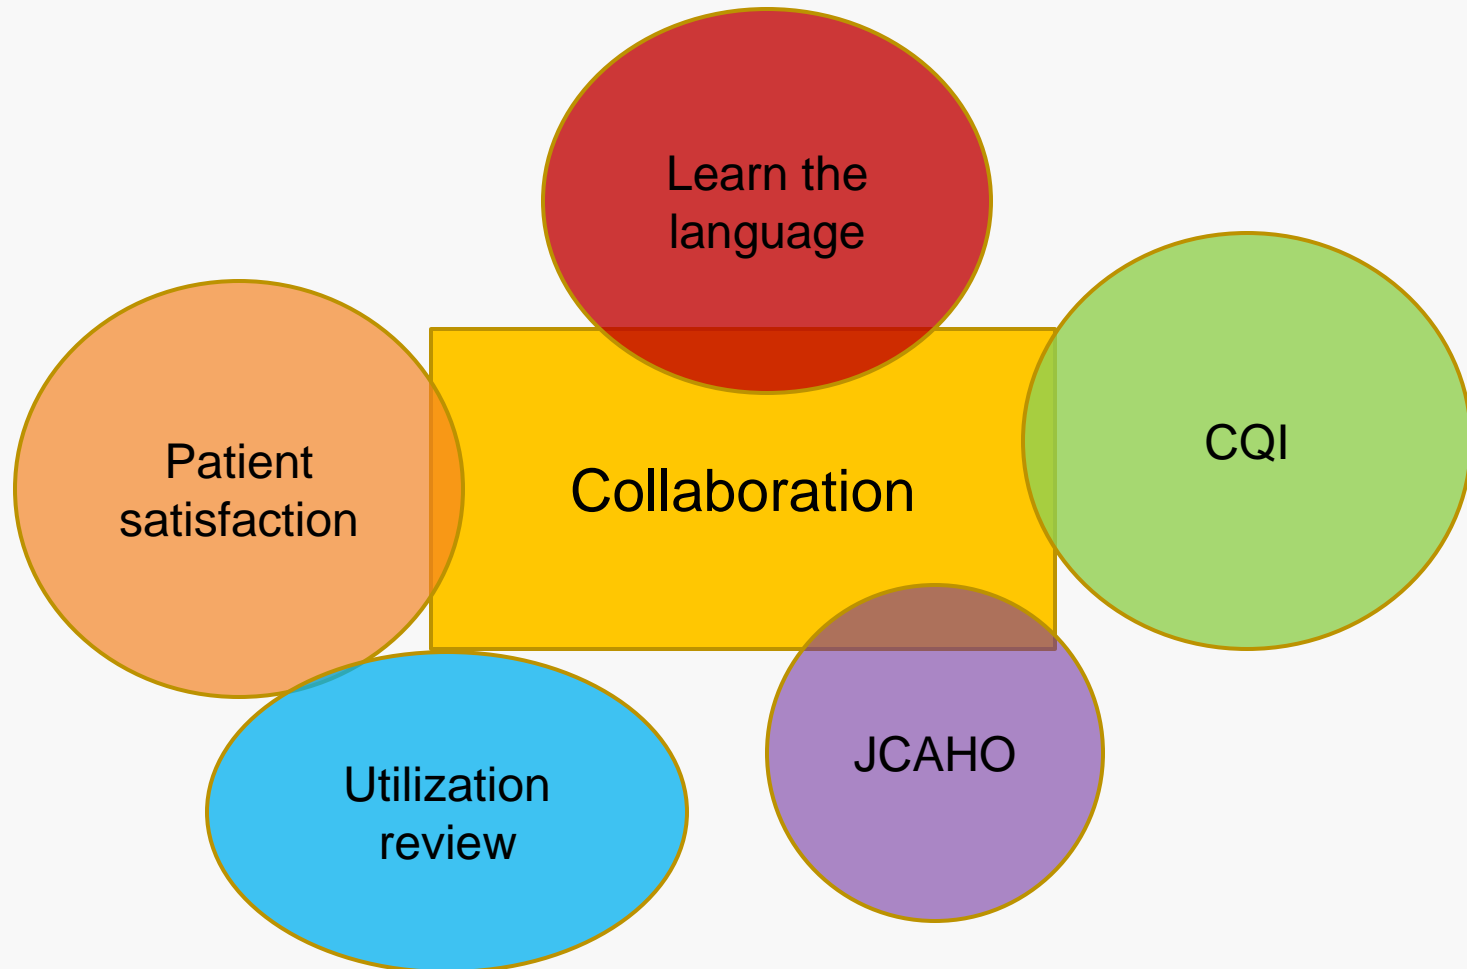

Validated tools designed to evaluate the integration of a healthcare-based response to domestic violence (DV), and measure physician preparedness to support patients experiencing DV

- Delphi Instrument
- Family Violence Quality Assessment Tool for Primary Care Offices
- Physician Readiness to Manage Intimate Partner Violence Survey (PREMIS) too
