

**FVPSA ARP HEALTH
TECHINICAL ASSISTANCE SESSION 1:
Partnerships, Practices, Policies and
Products to Support COVID-19 Testing,
Vaccines and Mobile Health Units for
Survivors**

Welcome! Our session will start momentarily.
Feel free to introduce yourself in the chat.

Today's session

2

- Overview of available training and technical assistance available through HRC and NCDVTMH
- Ideas for using ARP Health funds
- Part 1 of 3
 - Session 2: Increasing Access to Support Services for Survivors (1/11)
 - Session 3: Promoting Workforce Wellness and Resilience (1/25)

ARP Health Opportunity

3

- Promote and build on creative policies and practices developed during COVID
- Short term: COVID prevention and mitigation, **health access for survivors and their children**, workforce resilience
- Long term: **Better health for survivors and their children**, sustainable partnerships, system improvements, prevention

Why is addressing health important?

4

An essential element of safety planning and wellness:

- ✓ DV has long term health impacts
- ✓ Good health is important for healing and thriving
- ✓ Advocates are in a unique position to intervene and improve access to care
- ✓ Promoting advocates as part of the health care team
- ✓ Moving beyond criminal legal responses
- ✓ Potential for prevention

National Health Resource Center on DV (HRC)
