Planning Communities offers a distinctive blend of technical capacity and creative purpose-driven vision. Planning Communities' purpose is to address fundamental local and global challenges in the areas of climate action, clean and renewable energy technologies, economic and community resiliency and adaptation, and healthy and active transportation systems built on an equitable framework. The firm is founded on the principle of doing good in balancing the highest industry standards for people, planet, and profits. The firm specializes in developing fun and engaging planning tools and geospatial-based analysis, applications, resources and data-derived insights needed to solve complex community, environmental, economic and infrastructure challenges. Planning Communities' enthusiasm and rich experience helps communities enhance their knowledge and create implementation and lasting commitment to environmental, sustainable, and equitable practices through energized visioning, goal-setting, process and systems reviews, and performance tracking. Planning Communities is headquartered in Raleigh, North Carolina with satellite offices in San Jose, California, New Braunfels, Texas, Atlanta, Georgia, and Beaverton, Oregon and is a certified DBE in North Carolina, Tennessee, Delaware, Florida, Massachusetts, Rhode Island, Minnesota, Texas, Ohio, and Kansas.
