

Peer Exchange Webinar

Legal Services & Advocacy Collaboration to Support Trafficked Survivors of Domestic Violence/Sexual Assault During COVID-19

TUESDAY, SEPTEMBER 22, 11:00 AM - 12:30 PM PST/2:00 - 3:30 PM EST

Access to and provision of legal and advocacy services for human trafficking and domestic violence/sexual assault (DV/SA) survivors have changed due to the COVID-19 public health emergency. This peer exchange webinar will highlight the ways in which advocacy and legal programs are shifting their in-person and virtual approaches to meet the legal needs of trafficking survivors and collaborative strategies to provide support. Join us to hear from two national experts, for a peer exchange of strategies, and to identify new resources and approaches to support the legal and advocacy needs of trafficking and DV/SA survivors.

As a result of this webinar, participants will be better able to:

1. Recognize how the COVID-19 pandemic has altered delivery service models, and impacted the effectiveness of providing legal and advocacy services to survivors of human trafficking, domestic violence, and sexual assault.
2. Exchange legal service adaptations and modifications to collaborations with courts, law enforcement, and other stakeholders, to address challenges due to COVID-19.
3. Identify tools and resources to build collaborative responses between domestic violence advocacy programs and legal programs to support survivors of human trafficking.
